Thanks for these and other forwards.

Agree w/ you, was terrific to reestablish old habits at Pantagruel and have our usual excellent discussions!!

Have to do it here in DC too if we can get you back across the ocean.

And Leschenko is not doing himself any favors w/ this type of stuff. He sounds increasingly like Misha, which is no coincidence of course...

Another masterpiece by Leschenko, totally off the track. Think he feels the blood in the water and is going crazy.

Unfuckingbelievable. This is too much - the guy is saying that those who tortured him spoke with russian accent. It may be anyone - our northern friends, titushki, who knows maybe somebody else. My concern is that it will destabilize things even more.
