

9. People started to notice and become upset. They were banging off the ^{windows} ~~doors~~ and doors. Then trump ^{resident} released the ^{Statement} ~~law suit~~ and they covered up the windows and doors.

10. I had 6 ballots that were sent to the wrong precinct. They made duplicate ballots on spot and had everyone witness then took the originals to go to the correct "precinct".

11. 5 ballots wouldn't scan into the computer and the officiator said to keep scanning them then took them from the table I don't know where they went from there. They also would not put them in the spoiled ^{ballot bin}.

12. They wouldn't let any other GOP people near the table to be an observer of my challenges. They would threaten to throw me and GOP lawyers out that would come up to me to ask how I was doing.

13. I was called a bigot and a cunt. She covered her ^{name tag}.

14. There was backpacks and suitcases that were ^{Swan} wrapped. In the back of the ^{counting} room over by escalators.

15. The ballot numbers did not match the envelop ballot number I would challenge they would not record it or allow me to make an incident report they would put a piece of tape over the ballot number attached to ballot and write the number on

^{envelope} ~~envelope~~. Then would count it. I would get yelled at for challenging and saying I can't speak out. Then they would try to hide the ballot numbers

from me. I had a man scream in my face to back up and be 6ft away when I already was or he'd throw me out.

16. Two GOP lawyers were thrown out trying to help me and they said because they weren't wearing masks ~~correctly~~ correctly.

17. Before I started challenging at my table there was a man who took a photo of the monitor with the birthdays 1/1/1900. They ejected him after and would not document his challenges. Everyone was cheering and yelling. I personally witnessed this ^{including} ~~the picture~~.

18. I was ~~the~~ trying to leave at 3:30 pm because I had to be at work by 4. They locked us in, had the windows all covered and my table at that moment in time said they had 5,000 votes left to count and no one in the room had started military votes yet. Fifteen minutes later they called for Joe Biden winning Michigan.

19. They made all GOP challengers wear their credentials on a long, narrow white piece of paper when democrats' challengers only had a ^{small} lime green circle sticker. Then democrats pretended to be GOP so there would be less GOP and more democrats. It was visible that there was people with more green circle stickers than white lanyards.

20. In reference to #14 I was standing with my father and my father asked a security guard

About the Saran wrapped bags and the Security guard said Dont worry about it and that we needed to walk away. My dad asked again what are those? Security guard said if we did not walk away he would call the police over to arrest us.

21. I had a persons ~~bag~~ whose had two different ballots and they counted both would not let me document. They said they documented in the computer

22. There was covers, backpacks, duffle bags every where even at the counting tables.

23. When the military ballots came in they came through back double doors at the counting room then I left the room. They were ^{packing in boxes} squared shaped ~~the~~ bags

~~24.~~ with an open top on wheels and navy color. They did not match suitcases in the back but unsure if they were pulled from there

24. When ~~the~~ people were trying to leave they tried to make us go out a different door & not sign the book to signat by the main door. I signed the signout book and when I exited the main doors and people were screaming and asking me questions & cameras in my face.
