National School Boards Association  
1680 Duke St., Floor 2  
Alexandria, VA 22314-3493

Dear Mr. Slaven:

We have requested that you appear for a transcribed interview before the Committee concerning the troubling attempts by the Department of Justice and the White House to use the heavy hand of federal law enforcement to target concerned parents at local school board meetings and chill their protected First Amendment activity. Your testimony is necessary to further our oversight. As we begin the 118th Congress, we write again to reiterate our outstanding request and ask that you immediately cooperate.

You have been on notice about our request for your testimony—and aware that this request is outstanding—for over 14 months. For your convenience, we have attached the letter dated November 12, 2021.<sup>1</sup> To date, you have not complied with or even acknowledged our request that you appear for a transcribed interview before the Committee. This obstruction must stop.

Accordingly, we reiterate our request that you appear promptly for a transcribed interview. The Committee is prepared to resort to compulsory process, if necessary, to obtain your testimony. Please contact Committee staff immediately to schedule your interview. If you are represented by private counsel, please ask your attorney to promptly contact Committee staff on your behalf.

The Committee on the Judiciary has legislative and oversight jurisdiction over the Department of Justice and the FBI pursuant to Rule X of the Rules of the House of Representatives.<sup>2</sup>

Mr. Chip Slaven  
Interim Executive Director & CEO  
National School Boards Association

Dear Mr. Slaven:

We are investigating the troubling attempts by the Department of Justice and the White House to use the heavy hand of federal law enforcement to target concerned parents at local school board meetings and chill their protected First Amendment activity.<sup>1</sup> Publicly available documents suggest that you, as the Interim Executive Director & CEO of the National School Boards Association (NSBA), have information that is relevant and necessary to our investigation. Accordingly, we ask that you make yourself available for a transcribed interview with Committee staff.

On September 29, 2021, on behalf of the NSBA, you and Dr. Viola Garcia sent a letter to President Joe Biden requesting help from the federal government with concerned parents voicing their opinions at school board meetings.<sup>2</sup> Your letter stated that “malice, violence, and threats” against school officials “could be the equivalent of a form of domestic terrorism or hate crimes.”<sup>3</sup> Your letter also cited the Patriot Act as a potential federal statute that the Biden Administration could use to prosecute parents.<sup>4</sup>

In an email that same day, you shared your letter with the NSBA board of directors, explaining how the letter was the product of “several weeks” of discussions with the Biden White House. You wrote:

We co-signed the letter which lays out the current issues local school board members are facing and asks [*sic*] for federal cooperation with state and local law enforcement as well as public schools to address these serious issues. . . .

<sup>2</sup> Letter from Dr. Viola M. Garcia, President, Nat’l School Board Assoc. & Mr. Chip Slaven, Chief Exec. Officer, Nat’l School Board Assoc., to President Joseph R. Biden, White House (Sept. 29, 2021).

<sup>4</sup> *Id.*

Additionally, in talks over the last several weeks with White House staff, they requested additional information on some of these specific threats, so the letter also details many of the incidents that have been occurring.<sup>5</sup>

Five days after your letter to the President, Attorney General Merrick Garland directed the Federal Bureau of Investigation and U.S. Attorneys' Offices to address the "disturbing spike in harassment, intimidation, and threats of violence" at school board meetings.<sup>6</sup> In a press release publicizing the memorandum, the Justice Department noted that the Department's National Security Division—the Department component responsible for prosecuting terrorism cases—would be part of a task force "to determine how federal enforcement tools can be used to prosecute these crimes."<sup>7</sup> In testimony to our Committee, Attorney General Garland confirmed that your letter was the basis for his unusual directive to target parents.<sup>8</sup>

On October 22, 2021, following Attorney General Garland's testimony, the NSBA Board of Directors issued a new memorandum to its members apologizing for your letter, stating: "On behalf of NSBA, we regret and apologize for the letter."<sup>9</sup> (emphasis in original). The Attorney General, however, has refused to withdraw his directive to target parents.

Parents have an undisputed right to direct the upbringing and education of their children, including expressing concerns about the inclusion of controversial curricula in their child's education.<sup>10</sup> However, your letter to President Biden never once mentioned "parents" or parents' right with respect to their children's education, although the NSBA's subsequent apology purported to value the "voices of parents."<sup>11</sup> Concerned parents are absolutely not domestic terrorists and, to the extent actual threats exist, local law enforcement—and not the FBI—are the appropriate authorities to address those situations.

Parents cannot tolerate this collusion between the NSBA and the Biden Administration to construct a justification for invoking federal law enforcement to intimidate and silence parents using their Constitutional rights to advocate for their child's future. Therefore, to assist our investigation, we request that you make yourself available for a transcribed interview with the Committee as soon as possible.
