Hi Carlin,
Thank you for reaching out. I am looping in the Deputy Comms Director Sophia [REDACTED] and Assistant Secretary of State Allie Bones and Chief Security Officer Ken Matta. The major top of mind concern we have moving into Friday is the streaming of misinformation that may come from the Senate hearing that afternoon. And obviously the potential for additional threats and harassment. I have been in touch with Maricopa as well, they said they expressed some similar concerns, and that they have already been in touch with you. Thank you for being so proactive on this matter.

Hi Murphy,

Good morning! I hope you've been well.

My name is Carlin and I manage our government relationship with Maricopa County in Arizona – I'll also be your point of contact for the elections audit that will be released next Friday while Khalid is out of office.

I wanted to touch base with you before the weekend to see if you had any top-of-mind concerns or potential needs ahead of the elections audit publication. We will continue to have dedicated teams monitoring our platforms and the situation on the ground. We've also coordinated closely with Maricopa County and will continue to have open channels of communication with them during this time.

If you need anything from me, please don't hesitate to let me know. In addition, you are welcome to report any content or platform concerns directly to me around the audit, so that we can ensure we respond accordingly.

Best,
Carlin
