HunterI know are scheduled to speak with Henry tomorrow at 10:00 am. The Harvest/Burnham matter is very important to us all as well. I spoke to both Lin and Lindsay today about Harvest/Burnham, they both strongly suggested that you speak to Henry about the JV. Henry we believe, is still interested in doing the JV deal if a fair evaluation of Burnham can be agreed to and if YOU as a deal maker are inside Burnham. To that end if you could please mention to Henry on your call tomorrow these two very important points

#1. That you heard from me that Henry is planning a trip to the US in the next few weeks to meet the Burnham team and that you look forward to meeting him when he is here.

#2. That you are very keen on getting the Harvest/Burnham platform set up and moving forward, as we discussed this summer in Beijing we can all work together to take advantage of the cross border deals that we all see are really heating up.

Your call tomorrow with Henry is an excellent opportunity as regards this deal so please work those two points in Hunter. Me, Lin, Devon and Lindsay have been working very hard on this JV platform set up, Henry holds you in very high regard Hunter so you bringing up these two important points and expressing your commitment to this JV is of high importance to us all. Thank you for your help with this

I am available for a call if you want to discuss.

Hope your call with Jonathan went well this morning

Thanks
