BRYAN MALINOWSKI'S WIDOW RESPONDS TO LETTER SIGNED BY
ARKANSAS SENATORS

Maria "Maer" Malinowski, wife of Bryan Malinowski who was killed by ATF on March 19, 2024, made the following statement regarding a letter recently sent to President Trump and signed by 30 Arkansas Senators:

"I am immensely grateful for this letter to President Trump, signed by so many Arkansas Senators. It has been two years since my husband was senselessly killed in our home. The government has never answered obvious questions about what happened or why. This letter shows that our state elected officials do not intend to let ATF sweep this tragedy under the rug without accountability."
